STUDYING PUBLIC SERVICES
Welcome to Cheadle and Marple College. Whether you’re looking for an academic route to university or a vocational stepping stone into the world of work, you’ll find it with us.

We’re the only college locally that offers all three progression routes for 16 year olds - A levels, vocational programmes like BTECs, and apprenticeships; all in a friendly, welcoming learning environment.

Study with us and you can make the most of our strong links with employers or follow a well-trodden path to some of the UK’s leading universities.

And it’s all on your doorstep. With easy access via train or road, and free buses every weekday, students come to us from across Stockport, south and east Manchester, and the High Peak and Tameside area. Are you ready to join them?

You’ll be inspired and you’ll be challenged along the way, but through it all you’ll be encouraged and supported by lifelong friends, first-class teachers and caring support staff.

Enrol at Cheadle and Marple Sixth Form College, and you’ll benefit from our:

**OUTSTANDING RESULTS**
Our 2017/18 results were better than ever, showing the quality of our teachers, support networks and the facilities in which you’ll learn. We have a 99% A level pass rate and a 100% BTEC pass rate.

**TIGHT-KNIT COMMUNITY**
Join us and you won’t be just another anonymous face among several thousand students. You’ll be joining a friendly, welcoming community where you’re treated as an individual, not a number.

**EASY ACCESS**
Forget about expensive rail cards or bus passes and catch one of the free buses to our Marple campus from Stockport, Denton, Buxton, Chinley, Glossop, Chapel, Whaley Bridge, Hadfield and surrounding areas. Or study in Cheadle, where the campus is just a just 10-minute walk from the train station and there’s a free bus from Reddish, through the Heatons and Didsbury.

**ENRICHMENT ACTIVITIES**
College is about more than exam results, which is why you’ll enjoy regular trips and activities to enrich your personal and social development, as well as your studies. There are also sports clubs, charity initiatives and community groups to get stuck into.

**UPGRADED FACILITIES**
Thanks to a multi-million-pound investment, our campus in Marple was redeveloped in 2016. Our Cheadle campus includes The Hub, a new £1.2m social space.
GETTING TO EITHER OF OUR CAMPUSSES COULDN’T BE EASIER OR CHEAPER - THANKS TO OUR FREE BUS SERVICES.

Fancy coming face-to-face with a leopard? Our students did during a two-week safari to South Africa, where they stayed at the Balule Kruger National Park and Sodwana Bay, near the Mozambique border. Many even managed to secure PADI diving qualifications during the trip, which was open to any student interested in conservation.

**EXPLORING SOUTH AFRICA**

**GETTING A TASTE FOR THE BIG APPLE**

Sipping coffee in Times Square, strolling along Broadway, relaxing in Central Park and taking the ferry to see the Statue of Liberty – just some of the things our Business and Law students did during a visit to New York in March 2018, the eighth time students from the course have been to the Big Apple.

**MOUNTAIN TREKKING IN PERU**

A group of students spent summer 2018 researching forest sustainability and climate change in the Amazon jungle in Peru. During the two-week expedition, the students were based on research ships in the Pacaya-Samiria National Reserve, venturing ashore to help with biodiversity surveys and to complete an Amazonian wildlife and conservation course.

**PUBLIC SERVICE STUDENTS FLYING HIGH WITH THE RAF**

Since 2014, our Public Service students have worked closely with the RAF to raise more than £4,000 for local children’s hospitals. We featured in “100 Years of the RAF”, a book supporting the RAF 100 appeal. And an RAF Griffin helicopter from 60 Squadron Defence flying school even dropped into our Cheadle campus to say thanks!
“Learners participate in a wide range of activities to improve the skills that they need for work.”

8:40AM – Arrive at college, catch up with friends and get ready for the day ahead.

9AM – English Lit is the day’s first class. We’re currently reading A Streetcar Named Desire by Tennessee Williams. Our teacher brings it all to life brilliantly.

10.30AM – A short break means there’s just enough time to grab a quick coffee from the refectory.

10.40AM – My Extended Project is about the history of radio and I’m halfway through the research. Today I’m meeting my Academic Excellence teacher to go over my progress. We decide to narrow my focus even further, concentrating on radio during World War II and pirate radio in the 1960s. It’s challenging, but it will prepare me well for university.

12.10PM – After a busy morning, lunchtime is the perfect chance to relax with friends.

12.50PM – The afternoon starts with a History class, which I really enjoy. One of the textbooks we’re using was written by our teacher. We’re looking at the Russian Revolution of 1917, and I’m hoping to go on the History trip to St Petersburg next year.

2.20PM – A free lesson gives me the chance to go home and get started on some Spanish work that needs doing for tomorrow.

COLLEGE HIGHLIGHTS: I’ve been lucky to go on several trips. We’ve visited Haworth for our English Literature class, been to the Spanish Film Festival in Manchester, and done a week’s work experience on an archaeological dig.

AMBITIONS: This year I’ve been part of the Oxbridge Programme. I’m hoping to go on to read History and Spanish at Mansfield College, Oxford.

Apprenticeships are a great way to earn while you learn and take the first steps in your chosen career. You can choose from apprenticeships across seven sectors: accountancy; business; childcare; digital and creative; management; sport; and teaching assistants.

**WHAT IS AN APPRENTICESHIP?**
A real job with professional training. You’ll work at least 30 hours a week and spend 20% of your time developing technical and practical skills, while at the same time studying for a recognised qualification.

**WHAT DO YOU GET?**
- Work placements with experienced staff
- Job-specific skills
- Wage and holiday pay
- Time for job-related study

**HOW LONG DOES IT TAKE?**
One to five years.

**ARE THERE APPLICATION CRITERIA?**
Yes, you must:
- Be over 16 by the end of the summer holidays
- Live in England
- Not be in full-time education

**WHAT DO APPRENTICESHIP QUALIFICATIONS MEAN?**

**INTERMEDIATE (LEVEL 2):**
Equivalent to five GCSEs at 4 or above

**ADVANCED (LEVEL 3):**
Equivalent to two A levels

**HIGHER (LEVELS 4-7):**
Allow for progression to degree-level qualifications

**DEGREE:**
A bachelor’s or master’s degree is included in the programme
WHAT WILL I STUDY?

The course does contain a generous amount of sports participation alongside the football element of the programme. Practical elements occur within many units such as Sports Coaching, Fitness Testing and Programming. The practical elements of the course will be supported by class tasks, logbooks and both written and practical assessments to demonstrate your knowledge of the unit.
